

TRUNKING FOR AIR CONDITIONING SYSTEMS

PRODUCT TYPE:

Trunkings for air conditioning systems with one or more split units, for residential and office settings

APPLICATIONS:

Indoor/outdoor wall trunking

PRODUCT RANGE:

3 sizes (65x50 mm, 90x60mm, 120x75mm)

COLOUR RANGE:

White Everest

MATERIAL:

rigid, self-extinguishing (UL94-V0), shock-proof and UV resistant PVC

DECLARATION OF CONFORMITY:

Maximum safety guaranteed by marking **CE**

MINIMUM INSTALLATION AND SERVICE TEMPERATURE:

-5 °C

MAXIMUM SERVICE TEMPERATURE:

+60 °C

RESISTANCE TO CHEMICAL AGENTS:

	Saline	Acids		Bases		Solvents				Mineral Oil
		Concentrated	Thinned	Concentrated	Thinned	Hexane	Benzoic acid	Acetone	Ethyl-alcohol	
	Resistant	Resistant in certain conditions	Resistant	Resistant in certain conditions	Resistant	Resistant	Unsuitable	Unsuitable	Resistant	Resistant

OTHER FEATURES:

- Full range of interconnection components
- Trunking base has asymmetrical sides for easier insertion of pipes
- Components are snap-mounted on the trunking base
- Bottom punching for fixing copper pipes and for proper installation of condensate drain line hoses with required slant

CONFORMITY WITH 2011/65/CE (ROHS) DIRECTIVE:

yes
